I

Letter—from M.R.Ry. Rao Bahadur L. D. VENKATARAMA AYYAR Avargal, B.A., B.C.E., Superintending Engineer, VI Circle.
To—the Chief Engineer for Irrigation.
Dated—Trichinopoly, the 8th July 1916.
No.—1092-C.E.

I have the honour to forward herewith an estimate amounting to Rs. 81 (including centage charges) for constructing a bathing ghat in the left bank of the Second Branch channel (Periyar) at 1 mile 2 furlongs and 200 feet and request that, with reference to G.O. No. 330 I., dated 24th October 1911, sanction of Government may be obtained for the construction of the ghat.

2. From the report attached to the estimate it will be seen that the building of the ghat at the site proposed is not only unobjectionable but it will also prevent the channel berms from being spoiled by people getting down at random. The work will be carried out by this department as a full contribution work, the entire cost being borne by Ulaganatha Pillai of Kattakulam who has applied for it.

3. The instructions issued in G.O. No. 408 I., dated 15th July 1913, will be attended to before the work is put in hand.

ENCLOSURE.

Report to accompany the estimate for constructing a bathing ghat in the left bank of the Second Branch channel at 1 *mile* 2 *furlongs* 200 *feet from head.*

	RS.
Amount of estimate	81

This estimate is prepared at the request of one Ulaganatha Pillai of Kattakulam who has built a temple and a choultry close to the Second Branch channel where it crosses the cross road from Sholavandan to Andipatti and who now wants to build a bathing ghat on the left bank of the second branch channel just above the road bridge for the convenience of the travelling public who have to get down and take water from the channel. The building of a bathing ghat at the site proposed is unobjectionable and will also prevent the channel berms from being spoiled by people getting down at random.

This estimate therefore provides for constructing a bathing ghat at the proposed site as shown in the plan herewith enclosed. The work will be carried out as a full contribution work, the petitioner bearing the entire cost.

25*th June* 1916.

J. S. WESTERDALE,
Executive Engineer, Madura Division.

II

Endorsement by the Chief Engineer for Irrigation, No. 5605/16 B-1, dated 22nd July 1916.

Submitted to Government for sanction.

W. M. ELLIS, Col., R.E.,
Chief Engineer for Irrigation.

To the Secretary to Government, Public Works Department
(Irrigation Branch).

Order—No. 318 I., dated 24th July 1916.

The execution, by the Public Works Department as a full contribution work, of the work of constructing a bathing ghat at 1 mile 2 furlongs 200 feet on the left bank of Branch channel No. 2, Periyar system, at an estimated cost of Rs. 81 is sanctioned.

2. This sanction is registered as No. 42 I. of 1916–17.

3. The Superintending Engineer, VI Circle, will see that the estimated cost of the work is recovered from the party concerned before the work is put in hand.

4. The work on completion will become the property of Government and the Superintending Engineer will get a statement from the concerned party accepting this condition before the work is started.

NOTES CONNECTED WITH G.O. No. 318 I., DATED 24TH JULY 1916.

[SUBJECT.—*Construction of a bathing ghat at* 1 *mile* 2 *furlongs* 200 *feet in the left bank of the Branch channel No.* 2, *Periyar System.*]

From the Superintending Engineer, VI Circle, dated 8*th July* 1916, *No.* 1092 *C.E.*

In the letter read above the Superintending Engineer, VI Circle, requests the sanction of Government for carrying out, by the Public Works Department as a full contribution work, the construction of a bathing ghat at 1 mile 2 furlongs 200 feet of the Periyar channel No. 2 where it crosses the road from Sholavandan to Andipatti. The cost * of the work will be recovered from one Ulaganatha Pillai of Kattakulam. The details of the work are given in the report accompanying the estimate.

* Rupees 81 including centage charges under paragraph 1885 of the Public Works Department Code.
There is no plan, but it is a very small work.
